Cancer:

[Generate Profile](#)

## Comparison Tables

**Age/Trend/Comorbidity**  
See higher priority for cancer control when rates are high  
by State/Cancer Sites, prioritize cancer sites  
by Cancer priority/cases or counties in a state

**Death Rates**  
For states or for counties in a state  
[View Data](#)

**Incidence Rates**  
For states with high quality cancer registries  
[View Data](#)

## Interactive Graphs and Maps

**S'Risk: Risk Change**  
in cancer mortality or incidence for all major cancer sites by year, selectable criteria  
[View Data](#)

**Historical Trends**  
compares trends in cancer mortality and incidence by year, selectable criteria  
[View Data](#)

**Latitude, Longitude, and Counts**  
explores relationships across geography of mortality, incidence, demographics, or risk factors  
[View Data](#)

**Interactive Maps**  
for states or for counties in a state  
[View Data](#)

## Support Data

**Screening and Risk Factors**  
prevalence percentages by state from behavioral surveys  
[View Data](#)

**Peer Countries**

**STEP** Research reviews of different intervention approaches

# 3

The screenshot shows the AHRQ website with a red circle highlighting the 'GUIDE TO COMMUNITY Preventive Services' section. The highlighted area includes a 'Home' link, a list of topics (U.S. Preventive Services Task Force, Cancer, Cardiovascular Disease, Diabetes, Mental Health, Osteoporosis, Tobacco Use, and Vaccines), and a 'Recommendations by Topic' link. The page also features a search bar, a navigation menu, and a 'Become Involved' link.

**STEP 2** Find research-tested intervention programs and products

4

## Research-tested Intervention Programs (RTIPs)

[RTIPs: Moving Science into Programs for People](#)

[RTIPs Home](#)

[Recently Added Questions](#)

[Cancer Control PLANE](#)

**Use this Web site to:**

- Find research-tested intervention programs and products.
- Review summary information and usefulness/integrity scores for each program.
- Order or download materials to adapt for use in your own program.
- Obtain readability scores for products distributed to the public.

**Program topics now available:**

- [Breast cancer screening promotion](#)
  - Community-based interventions
  - Physician-based interventions
- [Cervical cancer screening promotion](#)
  - Community outreach programs
  - Direct mail interventions
- [Colorectal cancer screening promotion](#)
  - Physician-based intervention programs

**New programs featured:**

- [Diet/Nutrition](#)
  - [Body and Soul](#) (Post date: July 2005)
  - [Teens Eating for Energy and Nutrition at School \(TEENS\)](#) (Post date: April 2005)
- [Physical Activity](#)
  - [Wheeling Wheels](#) (Post date: June 2005)
- [Colorectal cancer screening promotion](#)

## STEP Plan and evaluate your program

# 5

The screenshot shows the AHRQ website with a red circle highlighting the 'Put Prevention Into Practice' section. This section includes a link to 'Prevention Dissemination and Implementation' and a list of related topics such as 'Evidence-based Practice', 'Outcomes & Effectiveness', and 'Preventive Services'. The page also features a search bar and various navigation links.
